Gyan means **Knowledge** in Hindi language. So **Free Gyan** refers to **Free Knowledge**! The mission of FreeGyan.org is to provide free knowledge to the world.

Since I am a physics teacher, I've begun by creating a [youtube channel of physics videos](#) on the topics that I am currently teaching to my students.

Over time, I'll cover more topics that are useful to the student community.

In Virtual School, I've created a webpage for each of my classes, where I share useful resources with my students.

To know more about me and my work so far, you can view [my resume at linkedin](#) .

Create your free online surveys with [SurveyMonkey](#) , the world's leading questionnaire tool.
