I found that the articles were getting mixed up in the earlier format. So now I've created a separate [webpage for my articles](#) . You'll be taken to that webpage if you click on 'My Articles' in the main menu.

I've called this collection of my articles as 'A journey through my mind', since that's what you'll be undertaking when you read them. Hereafter, all my articles will appear only in this 'My Articles' section.
